

No.11(1)/2004-HCC

January 9, 2017

MEMORANDUM

The Heritage Conservation Committee at its meeting held on December 16, 2016 has decided that its functions shall cover consideration of proposals pertaining to the following :

"In the line of 'Ease of Doing Business', it was observed that the HCC has since switched over to the system of Online Project Approval and Assessment System (OPAAS), in terms of which referral of proposals and communication of the HCC's recommendations thereon are to be done online. For the purpose MCDs have already created a dashboard and NDMC has been requested to do the same on priority. As a further step in this direction, in part supersession of the provisions of HCC guidelines for submission of proposals, it was decided to do away with the requirement of three dimensional models and switch over to soft copies of 3D views of the proposed buildings which could be projected on screen at the time of the HCC meeting."

Accordingly, in terms of the aforesaid decision of the HCC, local bodies are requested to ensure that proposals for consideration of HCC are sent online together with 3D views of the same in place of 3D models.

(Vinod Kumar)
